

# Notes App user guide

Akrivi Grigoropoulou
Evgenia Ioannidou

## LOG IN OR REGISTER

First of all you have to run localhost:3000

And this page shows up:

The screenshot shows the front page of the Notesapp. At the top, there is a dark navigation bar with the text 'Notesapp' on the left and links for 'Note Collections', 'Notes', and 'Users' on the right. A search bar with the placeholder text 'Search users' and a green 'Search' button is also present. Below the navigation bar, the text 'Welcome to the Front Page' is displayed. Underneath, there are two sections: 'Login' and 'Register'. Each section contains a 'Name' input field, a 'Password' input field, and a corresponding button ('Login' or 'Register').

To the home page in order to register or to sing up

## NOTES

The screenshot shows the main interface of the 'Notesapp'. At the top is a dark navigation bar with links for 'Note Collections', 'Notes', and 'Users'. It also indicates the user is 'Logged in as tzen' with a 'Logout' link and a search bar for 'Search users'. Below the navigation bar, the title 'Notes' is followed by the instruction 'Write whatever you want to remember :D'. A table displays a single note with columns for Title, Content, Owner, and Actions. The note has the title 'tzen's note', content 'hey!', and owner 'tzen'. The Actions column contains 'Show', 'Edit', and 'Delete' buttons. At the bottom left, there is a 'Logged in!' status and a 'New note' button.

Title	Content	Owner	Actions
tzen's note	hey!	tzen	<button>Show</button> <button>Edit</button> <button>Delete</button>

Then it shows you your notes

Now we already have create some notes

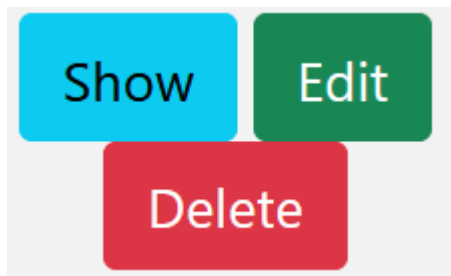

New note

In case you want to create a new one, you just have to click on the button

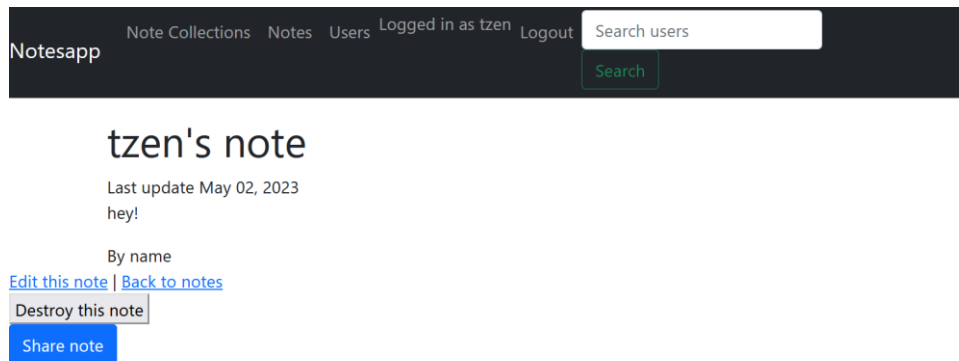

The screenshot shows the 'New note' form. It has a dark header with navigation links and a search bar. The form contains three input fields: 'Title', 'Content', and 'Image'. Below the 'Image' field is a file selection button labeled 'Περίληψη...' and a message 'Δεν επιλέχθηκε αρχείο.'. At the bottom of the form is a 'Create Note' button and a 'Back to notes' link.

And this window shows up. Now you can create a new note

- You can also add an image if you want with the button “choose file”
- When you have create your note, you just have to click on the button “Create Note” in order to save yours.
- To go back to the list just click on “Back to notes”. It takes you back to the first page

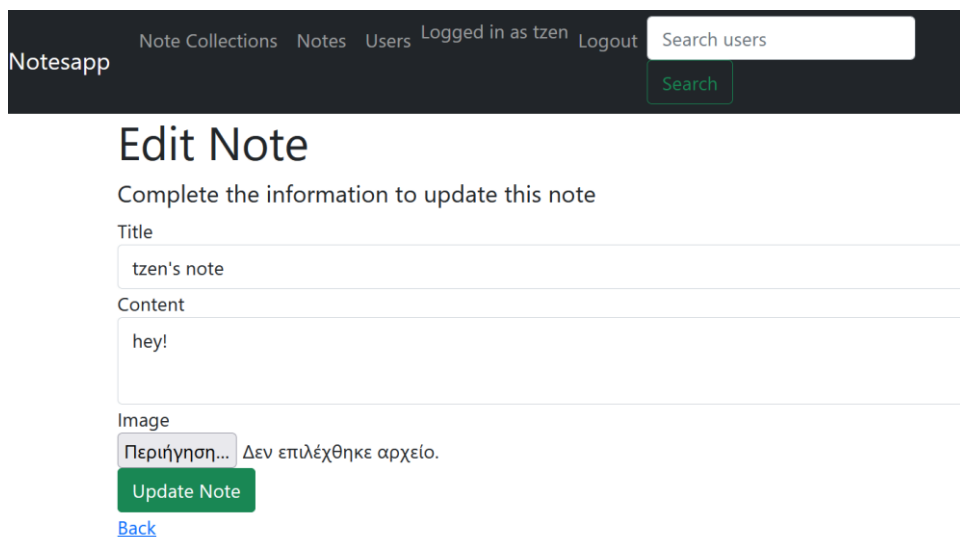

You can see your full note if you want, just with a click on “Show”

Your note shows up.

- 
- If you click on “Back to notes” it takes you back to the list of your notes
- If you click on “Destroy this note ” the note that you choose will be deleted and this message will show up with the new list of notes

You can also separate click on the button ‘Edit’ to edit the notes

# Notes

Write whatever you want to remember :D

Title	Content	Owner	Actions
-------	---------	-------	---------

Note was successfully destroyed.

New note

Last but not least you still can Delete the notes from the start screen with the button “Delete”

## COLLECTIONS
